### Re Portable Church at Ajax

After discussion, the Executive adopted the following resolution:

When the Board of Home Missions loaned free of charge the Portable Church to the Co-operating Committee for Christian Service in Camp and War Production Communities, it was on the understanding that it would be used to provide religious services for the Protestant people of Ajax on a co-operative basis agreed upon by the four communions (Anglican, Baptist, Presbyterian and United).

Our Executive has learned that by July 31st the war industry plant at Ajax will be closed. The young people resident in the dormitories will all be gone by June 30th. Those who will be living in the houses will no longer be engaged in war industry work, but rather in non-war work in Toronto, Oshawa, and other centres.

In view of this definite change in the situation, the Executive of the Board of Home Missions feels that the purpose for which the Portable Church was loaned has been fulfilled.

We recognize the need for providing on a co-operative basis religious services and ministries to the Protestant people who will be living temporarily in the Ajax community. We are informed of the desire of the Board of the Inter-Church Congregation there to have a minister to succeed the Rev. A. W. Jones after June 30th,—this minister to give full time services and live in the community.

The Executive of the Board of Home Missions will, therefore, gladly consent to the continuing of the loan of the Portable Church, free of charge, to Ajax for one year at least (if the need still exists at the end of the year, the term will be extended accordingly), on the following conditions:

(1) That the building will be used for co-operative and inter-denominational services and that no one of the four co-operating communions will ask for special considerations not enjoyed by any or all of the other three;

(2) That the local board may permit the use of the building by any co-operating church at any time which does not interfere with the regular co-operative services at 11 a.m. and 7 p.m. on Sunday; and

(3) That provision will be made by the four co-operating communions to bear the expense of returning the Portable Church to Toronto (or to some other point) at the end of its term of service at Ajax.

### Possibility of Purchasing Houses from War Assets Corporation

The question was raised as to the possibility and advisability of purchasing houses from The War Assets Corporation, with the idea of using them on Home Mission fields. This was referred to the Secretaries, with power.

### Re Ministers Giving Service to Vacant Charges

Mr. Macdonald reported that a letter had been received from Rev. A. D. Pringle, Elk Point, Alberta, re additional remuneration for ministers, now on aid-receiving charges, who might possibly give service to an adjoining vacant charge.

Agreed to refer this to the Secretaries, with power, after consultation with the Superintendent and Presbytery concerned.

### Date of Board Meeting

It was decided that the date of the Annual Meeting of the Board should be set for April 3rd, 1946.

### Death of Dr. Cochrane

#### *Resolution of Appreciation—*

It was agreed that the Chairman and the Rev. J. G. Gorwill be a committee to prepare a resolution of appreciation of Dr. Cochrane. Later, the Committee reported the following Resolution:

With the passing of Rev. Robert B. Cochrane, M.A., D.D., on July 17th, 1945, the Board of Home Missions lost its Secretary and The United Church of Canada a leader who had enthusiastically espoused the cause of Church Union and whose hand and heart had been given to every major enterprise in the Church since the Union.

Before entering the service of the Board in the spring of 1929, Dr. Cochrane had served with singular effectiveness in three churches—Knox, Woodstock, 1907-15; College Street, Toronto, 1915-25; and Augustine, Winnipeg, 1925-29. His exceptional qualities of mind and heart, developed and enriched by over twenty years in the pastorate, were given without stint to the service of this Board. It was providential that he had a few brief months to acquaint himself with the workings of the Department before the depression depleted the revenues of the Church and the drought in the West set back the process of growth in the Church's work on the prairies. That the United Church met these twin misfortunes with resourcefulness was due, in large part, to the way in which Dr. Cochrane compelled the Church to take a serious view of her responsibilities. By his own faith, he constrained the whole body of Home Mission workers to realize that the national crisis constituted an opportunity for the Church. Throughout the war period which ended the depression, the same venturesome, experimental spirit marked the leadership of our late Chief, and we are grateful that he was able to carry through his work until peace was about to return. It is a source of amazement to us all that this man, so hard-pressed with administrative duties, could find time and have the vision to inspire movements so significant for the future of the Church.

Dr. Cochrane had a way of drawing to himself, all through his working life, men twenty years his junior. He loved youth and he belonged among them. It was useless for "R.B." to tell his young colleagues that he was getting old. They knew him as one of themselves. As the Moderator declared at his funeral, "The Church has suffered no greater loss since the time of Union." That loss will be felt more keenly as the months pass, and most keenly by those who are only coming to places of leadership in the Church,—the men for whom he planned and who will live to see the wisdom of his course proved.

The Executive of the Board of Home Missions, meeting in Toronto on the 6th day of September, 1945, wishes to record its great sense of loss in our Chief's passing, and to express to Mrs. Cochrane and her daughters the deepest sympathy of its members.

#### *Payment of Grant—*

It was moved, seconded and carried, that we make a grant of \$4,125 to the Estate of the late Dr. R. B. Cochrane,—\$2,125 to be paid out of 1945 income and \$2,000 out of 1946 income.

#### *Recommendations to Sub-Executive of General Council—*

With respect to the requests from Dufferin and Peel Presbytery, it was agreed to recommend to the Board that, in the light of the resolution passed by the General Council in 1944 and found on Page 73, Record of Proceedings, the request for grant from Mono Mills, among others, be reviewed by the Board, with the idea of applying the principle contained in this resolution.

It was also agreed that the Superintendent be requested to take up with the Grey Presbytery the question of the application of the same rule.

**Authority to Adjust Grants and to Make Further Payments**

The Secretaries were given authority to make adjustments in the grants voted, if this should be necessary, and to make any further grants that may be required.

**Transfer to Missionary Emergency Salary Account**

On motion, the following resolution was adopted:

WHEREAS the Executive of the Board of Home Missions has before it the Interim Statement of the Treasurer, showing a balance available for grants at January 19th, 1946, of \$98,000,—which sum includes an unexpended balance of \$32,000 from the Moderator's Fund, which was placed at the disposal of the Board of Home Missions to meet the needs of men serving charges not on the aid-receiving list and which have in the meantime become the responsibility of the Board; and

WHEREAS the Board at its annual meeting in April, 1945, estimated that there would be available for grants by the Executive the sum of \$35,000; and

WHEREAS this difference is due—

- (a) To additional revenues, which could not be forecast at the time, of \$13,500, but more significantly to—
- (b) Unexpended appropriations of \$38,000, due to the acute shortage of ministerial supply and of students, with the consequent vacancies in the Church of 181 on July 1st, 1945; and

WHEREAS the Executive has presently been required to appropriate approximately \$62,000—to bring salaries up to the scale set by the Board in April, 1945, (in the expectation that the appropriations then made would leave and unappropriated balance of \$35,000), and for other emergent purposes; and

WHEREAS even after the grants just made, our ministers on aid-receiving charges will be paid less than the commendable salary objective of \$1800 and a free, furnished manse, set by the Church; and

WHEREAS it is the judgment of the Executive that the Board itself should have the opportunity of reviewing the whole situation and the decisions made in April, 1945, and particularly to determine whether it would not be wise and desirable—

- (a) To increase the grants for travel on the fields, and in other ways to assist ministers—many of whom are facing not only large costs for travel but the necessity of renewing their means of transportation; and
- (b) To strengthen the Fund for Lay Workers and the Marine Insurance Reserve;

THEREFORE BE IT RESOLVED:

THAT the Executive request the Treasurer to transfer to Missionary Emergency Salary account any balance of the said sum of \$98,000 which may be unexpended on January 31st, to be held in this account until the Board may have an opportunity to review its obligations at the annual meeting in April, 1946.

WHEREAS the General Council in 1944 passed the following resolution:

Be It Resolved that, in order to put this into effect:

- (1) The Appropriations Committee shall each year designate the charges to which this shall apply.
- (2) When the charges have been named, the Secretaries shall communicate this decision to the Home Mission Conveners, and the Secretaries of the Presbyteries concerned, and to the Superintendent of Missions, informing them that in the opinion of the Board the charge is one for which a time limit should be placed upon the receipt of missionary funds, and requesting that Presbytery to visit the charge so as to determine:
  - (a) Whether it is efficiently organized and whether the provisions of the Manual regarding an every person canvass, etc., have been effectively carried out.
  - (b) Whether there are circumstances, such as the number of families and their economic resources, which make a more substantial support of the minister impossible; and
  - (c) Whether these circumstances are such as to make the full support of the minister on the salary scale recommended in the Manual, and having regard to the necessity of maintaining the property and other necessary expenses, impossible.
- (3) The Presbytery shall also be requested to make a careful study of possible re-arrangements of charges, so that the charge for which a grant is sought may be strengthened or cared for otherwise than it is now.
- (4) The Presbytery shall report its findings on the above, if possible, to the Executive of the Board in January, and, in any case, not later than March 15 the following year.

- (5) The report of the Presbytery, and, if possible, of the Executive shall be laid before the Appropriations Committee at its next annual meeting, which committee shall recommend to the Board what time limit, if any, shall be placed on the receipt of missionary funds by the charges concerned, or if such charges shall be given the status of special fields.

Be It Resolved:

That this Board of Home Missions of The United Church of Canada hereby expresses its deep sense of the importance of the issue before the Canadian Government in connection with our Japanese citizens and others of the Japanese race. We would reassert our previous attitude that citizenship of Canadian-born or naturalized Japanese be honoured, and our conviction that families ought not to be broken in any repatriation of Japanese. We believe that Canada's attitude in this crisis will have far reaching effect, both on the international situation and also on the morale of Canada's people; and

That a copy be sent to the Prime Minister.

#### Report of the Committee on Appointment of Students

The Report of the Committee on the Appointment of Student Missionaries was presented by Mr. Macdonald, and on motion was adopted as follows:

1. During the summer of 1945, 176 students served the Board under its co-operative plan (ordinarily called the "Students' Pool") and 14 others were appointed on a special basis.

2. The Committee has appointed to fields this year 203 Students, They are distributed in the different Superintendencies as follows:

Mr. Dawe . . . . .	1	Dr. Cormie . . . . .	27
Mr. Godfrey . . . . .	23	Dr. Macdonald . . . . .	35
Mr. MacKay . . . . .	13	Dr. Nicol . . . . .	48
Mr. Lyttle . . . . .	16	Dr. Hart . . . . .	33
Mr. Torrance . . . . .	1	Mr. Bunt . . . . .	6

---

203

In addition to those appointed about twelve are giving full time service on a special basis, and a limited number will give week-end supply.

3. To date 223 students have made application for fields. This is the largest number since 1941. Of the applicants 33 were young women and of these 20 have received appointments.

4. The Plan for the Co-ordination of Salaries of Students was carried out again in 1945. The response of the fields to student maintenance improved and by using an appropriation of \$33,000 the salary of each student missionary was brought up to \$16.00 per week plus board and travel on the field. This is the highest rate that has ever been paid student missionaries by The United Church of Canada.

5. It has been decided that the Plan for the Co-ordination of Salaries of Students should be continued for 1946.

6. A change has been made in the method of paying our student missionaries. The underlying purpose in this change of policy is to pay the more experienced students a higher rate of salary. It is hoped that as a result of this new scale of payments a larger percentage of the more experienced students will make application for mission fields in the future. The following is the plan which has been decided on:

(a) All students serving the first and second year under appointment by the Home Mission Board will receive the basic

weekly scale of salary determined under the 'Pool' arrangement.

- (b) (i) A student who serves a *third* term of at least 20 weeks will receive the 'Pool' rate plus \$1.00 per week.
- (ii) A student who serves a *fourth* term of at least 20 weeks will receive the 'Pool' rate plus \$2.00 per week.
- (iii) A student who serves a *fifth* term of at least 20 weeks will receive the 'Pool' rate plus \$3.00 per week.
- (c) No student serving the third, fourth or fifth term whose work is not judged satisfactory by the Superintendent and the Presbytery in which the student serves will be entitled to the additional payment. In cases of difference of opinion the decision shall be made by the Executive of the Board.
- (d) This plan will apply only to students who are candidates for the ministry and who have served the first and second years under the Board of Home Missions in the 'Pool' arrangement, special cases to be referred to the Executive for consideration.

7. It is recommended that the appropriation for student work for this coming summer be \$38,000.00.

#### Statement Re Supply of Fields and New Work

Dr. Dorey presented the following statement, showing probable vacancies and available supply, together with a partial statement on new work which should be undertaken:

After careful survey of the work by the Superintendents, the following figures are presented to the Board:

1. The Settlement Committees of the Conferences will need to supply the charges on which Married Ordained Ministers are usually settled and for which adequate salary is available, either on a self-supporting basis or by grants voted by the Board—the following number:

	Need	Available		Total
		Chaplains	Others	
Newfoundland . . . . .	20	—	2	2
Maritime . . . . .	33	7	1	8
Montreal & Ottawa . . . . .	17	4	2	6
Bay of Quinte . . . . .	16	—	2	2
Northern Ontario . . . . .	10	—	—	—
Manitoba . . . . .	33	5	—	6
Saskatchewan . . . . .	64	6	4	10
Alberta . . . . .	28	6	3	9
British Columbia . . . . .	21	6	—	6
	<hr/>	<hr/>	<hr/>	<hr/>
	242	35	14	49
Total needed to fill vacancies . . . . .		242		
Total available . . . . .		49		
		<hr/>		
		193		
Candidates graduating . . . . .		65		

2. A number of charges now supplied by Lay Supply should have Ordained Ministers—estimated at 10.

3. New work requiring Ordained Ministers which should be undertaken:

The answer is not yet clear, because replies have not come from certain areas but the following facts are presented:

(a) The growth of urban centres which is a feature of North American civilization and which was accelerated by the war shows no sign of abating in Canada. As a matter of fact, it would seem that we shall continue to see a decrease in rural population and the growth of our cities for some time to come.

(b) Very few additions either to ministerial supply or to buildings in Canada's cities have been made in the last fifteen years—during which period there has been a large growth of urban population.

While the needs are not yet fully stated, the following illustrations will give some idea of what is required:

Toronto: Mr. Torrance lists 10 new churches which need to be built almost immediately at a cost of \$375,000 to \$400,000. Four of these would need ordained ministers.

Winnipeg: Dr. Cormie lists as the needs of that city provision for 11 new or greatly enlarged church buildings, and three ordained ministers.

British Columbia: Mr. Bunt has not yet given an estimate of building requirements but he says he needs more ordained men for urban centres—all but two in the Vancouver and Westminster area.

This partial statement, together with the fact that other cities need men and that there is likelihood of development of mining area and the

establishment of towns in connection with the Pulp and Paper Industry, would warrant the statement that in the next four or five years the United Church will need to provide from 25 to 30 ordained ministers adequately to care for pastoral charges now existing in embryo or which have as yet no existence at all.

On motion, Report was received for information, and it was agreed to approve that section of it dealing with new work which should be undertaken.

### Report of the Committee on Rural Work

Rev. J. I. MacKay presented the Report of this Committee. It was considered item by item and adopted as follows:

1. That the Board set up a Committee of five laymen, representative of the various sections of the Church, who will give special study to the rural problem confronting our Church, and who will make suggestions as to programme, policies and methods, whereby our Committee on Rural Life can most effectively serve and give encouragement and help to the men in our rural ministry.

It is suggested that one of the representatives be from the East and one from the West, and that they be Chairmen of two small regional Committees—East and West.

2. That there be a Central Regional Committee, consisting of five members and that its Chairman, the Secretaries of the Board and

two other members constitute the Executive of the Rural Life Committee.

3. That consideration be given to the holding of Regional Conferences in Prince Edward Island, Temiskaming, South Western Ontario and possibly in Saskatchewan and Alberta.
4. That the Executive of General Council be asked to set up an Inter-board Committee on Rural Work,—the co-operating bodies to be the Board of Christian Education, the Board of Evangelism and Social Service, the Board of Home Missions and the Woman's Missionary Society.
5. That a budget of \$1,300 be allowed for the work of the Rural Life Committee.
6. That power be given to the Executive of the Board to appoint three representatives to the Town and Country convocation, to be held at Des Moines, Iowa, in November.

The Chairman thanked Rev. J. G. Gorwill for his leadership in the work of this Committee:

#### Statement by Secretary of Committee on Missionary Education

Rev. K. J. Beaton, D.D., addressed the Board on the work of The Committee on Missionary Education, and also on the work of the Radio Commission. The Chairman expressed the appreciation of the Board to Dr. Beaton.

#### Recommendations from Conference of Secretaries and Superintendents

The recommendations of the Committee were considered item by item and adopted as follows:

1. *Re Memorial of Bermuda Synod*, requesting "the Home Mission Board to reconsider and to revise its policy regarding the moving expenses of ministers serving the Church in Bermuda, so that no minister may be burdened with the ocean expense to return to Canada,"—

Whereas the high cost of the return transportation from Bermuda imposes a hardship upon the ministers of the Bermuda Synod of the Maritime Conference; and

Whereas this, coupled with the high cost of living in Bermuda, is making it increasingly difficult for the Synod to secure ministerial supply;

Therefore be it resolved that the Board request the General Council to make provision for the necessary return transportation expenses.

2. *Re audio-visual educational project*, which a group of ministers in Kamsack Presbytery are trying to organize, and towards which the

Home Mission Board is asked to provide financial assistance, if needed, up to but not exceeding \$500, as well as to explore this field of service and to co-operate with other Boards of the Church that might be interested in this project (recommended by Kamsack Presbytery and Conference Home Mission Committee)—

That this matter be referred to the Secretaries for a report from the Kamsack Presbytery and the Saskatchewan Conference, and that it be brought before the Executive in June for issue.

3. *Re Resolution of Saskatoon Presbytery*, recommending "to the favorable consideration of the Board of Home Missions the payment of not less than \$20.00 per week to students engaged as summer supply."

This matter already dealt with in the Report of the Committee on appointment of Students.

4. *Policy re Car Loans*.—That the Board adopt the following resolution:

Whereas the Executive, at its January meeting, referred to the Board disposition of the balance of its appropriation which remained unexpended from January 31st, which balance was transferred to the Missionary Emergency Salary Account; and

Whereas the Board, in 1944, adopted the policy of making loans to newly ordained ministers to enable them to purchase cars;

Be it resolved that the Board set aside \$32,208.36 as a Revolving Fund from which shall be made loans to newly ordained and to other ministers serving aid-receiving or Home Mission charges, to assist them in purchasing cars and that the Executive be authorized to frame the regulations under which this Fund shall be administered.

5. *Re Pension Plan for Office and other Workers*.—That the Board make payment for women serving under the Board of Home Missions, who are connected with the Fund managed by the Committee on the Deaconess Order and Women Workers, on the same basis as that paid for other workers.

6. *Re Insurance of Properties*.—(a) That the Board insist that properties be fully covered by insurance, irrespective of the amount of indebtedness to the Board of Home Missions; and

(b) That the Board issue a statement, to be sent to Presbyteries, that it will not be sympathetic to making grants or loans to assist in rebuilding churches, manses or parsonages destroyed by fire, on which a reasonable amount of insurance was not carried.

7. *Re Health Certification of Candidates for the Ministry*.—

Whereas, a considerable number of candidates for the ministry have been found to be suffering from physical disability which makes impossible effective service on the Mission Fields; and

Whereas, the Manual provides that "the candidates must furnish a medical certificate of health;"

Therefore, the Board of Home Missions draws the attention of Presbyteries to this requirement of the Church and urges that the regulation be strictly enforced.

#### 8. *Re Marriage of Students*—

The Board of Home Missions respectfully requests the Board of Colleges and Secondary Schools to give further consideration to the problems created by candidates for the ministry getting married, particularly in the early years of their course.

We believe that a number of factors make this a matter of urgent importance. It is not within the province of the Board of Home Missions to recommend with regard to all of these, but it is obvious that at certain points our work is vitally affected.

It is practically impossible to send married students to summer fields in parts of the country where their services may be needed most, because of the fact that transportation costs to and from fields cannot be provided for their wives, and on very few student fields is there suitable manse or parsonage accommodation for married couples.

#### 9. *Policy re City Mission Boards*—

Whereas there has been large migration into new areas of the major urban centres in Canada; and

Whereas this has created a need for greatly increased and improved church facilities, which the people of these new areas are unable to provide for themselves;

The Board of Home Missions urges the Presbyteries concerned to appoint Church Extension Committees, whose duties shall be:

- (1) To assist in the selection of suitable sites for new churches.
- (2) To assist in securing funds from the larger community towards the cost of erection of such churches.

The Board of Home Missions is further of the opinion that these Committees should not be incorporated bodies but should work in close co-operation with the Presbyteries and their Home Mission Committees, to provide adequate church accommodation for all our people in the urban areas.

10. *Re Deputation Work*—That the Missionary & Maintenance Department be advised that, should any of the ministers serving on aid-receiving fields be desired for deputation work, the initial approaches should be made to the Secretaries of the Board.

11. *Appointments under other Boards*—With regard to the question of other Boards of the Church making appointments of ministers who are now serving on aid-receiving charges,—That negotiations between other Boards of the Church and ministers of aid-receiving charges

should not be initiated without consultation with the officers of the Board of Home Missions.

### Report of Committee on Hospital Work

The Board adopted the following resolution:

That, in view of the new conditions created by the proposed provision of hospital facilities by the State, the Board of Home Missions and The Woman's Missionary Society appoint a joint Commission, representative of both Boards, to survey the hospital services provided by the Church, with a view to determining future policy in this matter,

and that the Commission report to the next meeting of the Board of Home Missions and The Woman's Missionary Society; and

That, in view of the need for immediate decision with regard to Lamont, and without waiting for the final report on policy, the Joint Commission be asked to meet as soon as possible to report to a meeting of the Executive of the Board, enlarged by the addition of all Board members resident in the Central Conferences, and the representatives of The Woman's Missionary Society on the Board,—which shall deal with the proposals of the Alberta Hospitals Board in relation to Lamont Hospital and which shall have power to issue.

*Resolutions from Doctors, meeting at Prince Rupert—*

Agreed that the following resolution, adopted by the Medical Superintendents of our Mission Hospitals in British Columbia, meeting at Prince Rupert, October, 1945, be sent forward to the Department of National Health and to the Commission on Hospital Policy:

"Whereas:

"In the past our doctors were able to collect from Indians who could afford to pay, and this income was taken from them when the Indians were told by Dr. Scott that they would receive free medical and hospital care, it is felt that the Department has been unjust in making a ruling that doctors appointed on salary after August, 1936, would not be allowed *special* fees;

"Since then further developments have arisen and, especially in connection with tuberculous patients, treatments requiring special training and skill, such as Collapse Therapy and Phrenic Nerve Operations, are being done; and since this is not work which was anticipated when the present salaries were set;

"We feel that our Doctors are entitled to an increase in salary, this increase to be according to the amount of extra work done."

### Report of the Committee on Non-Anglo-Saxon Work

The Report of the Committee was presented by Rev. J. I. MacKay. The recommendations were considered seriatim and adopted as follows:

#### *Nominations to Settlement Committees—*

That nominations to Settlement Committees be referred to the Secretaries, in conference with the Superintendents concerned.

#### *Appointments—*

(1) *Community House, Sydney:* That approval be given to the appointment of a Boys' Worker, to be chosen by a committee consisting of the Superintendent of Missions, the Home Mission Convener, the Minister of Trinity Church and the Board of Control,—such appointment to be subject to the approval of the Secretaries; salary to be at the rate of \$1,500 for a single man.

(2) *Central Winnipeg, Mission:* That the appointment of a lay worker for Central Winnipeg Mission be approved; the Home Mission grant to be at the rate for a single man, and the appointee to be subject to approval by the Secretaries and Superintendent.

(3) *Brunswick Street Church, Halifax:* That we accept, with regret, the resignation of Miss Ruth McLeod, and that the appointment of a successor be referred to the Secretaries and the Superintendent of the area.

#### *Church of All Nations, Toronto—*

That the salary of the late Rev. A. Lappala be continued to Mrs. Lappala to June 30th, 1946.

#### *Friendship House, London—*

That the honorarium of \$25.00 per month to Miss Irene Douglas be continued to June 30th, 1946.

#### *Request London United Church Council—*

That the request of London United Church Council for a grant of \$400.00 for a Chaplain, who would do special work, and any similar requests from elsewhere, be referred to the Executive for study and action.

#### *Ukrainian Minister, Dauphin Presbytery—*

With regard to the request of the Dauphin Presbytery,—That we agree to the appointment of an ordained Ukrainian minister, when available, to work in the southern part of the Presbytery, in conjunction with the various pastoral charges in that area.

#### *Survey, Winnipeg Area—*

Re recommendation of the Conference Home Mission Committee that a survey be made of certain areas where new housing projects are under way,—

(a) That no action be taken on request that the Board of Home Missions pay the salary of a competent worker to make the required survey; and

(b) That we approve the request that The Woman's Missionary Society provide a worker for certain areas to be surveyed, to work with the Home Mission Committee of the Presbytery and the Presbyterial of the W.M.S.

*Regina Settlement House—*

Re recommendation of Presbytery "that unless an ordained minister with special qualifications for this type of work can be secured as Superintendent, from outside of the Conference, Mrs. F. W. Whitworth be continued as Acting Superintendent,"—

Be It Resolved:

- (1) That Regina Presbytery be urged to take action to secure at least two, preferably three, men who will take an active interest in the work of Settlement House, to be added to the Settlement House Board.
- (2) That, for the present, the arrangement with Mrs. F. W. Whitworth as Acting Superintendent be continued, subject to the terms as to three months' notice previously arranged; this, however, to be conditional upon the following:

Inasmuch as the Settlement House work is a joint enterprise of the Home Mission Board and The Woman's Missionary Society, the W.M.S. Worker shall have equal rights in the use of the building without interference for meetings, in which she is the leader, including the use of the kitchen, by herself, for her own Settlement House activities.

While appreciating to the full the services rendered by Mr. Whitworth and the time and energy he has expended so freely in improvement of the building and in connection with Boys' Work, it should be pointed out that it was not contemplated in the appointment of Mrs. Whitworth, that Mr. Whitworth would have anything to do with the direction of the activities. It is felt, therefore, that it would be better in the interests of this co-operative enterprise that Mr. Whitworth should refrain from any participation in connection with meetings of women, girls and children.

- (3) It is the policy and expectation of the Home Mission Board that in 1947 an ordained minister will be appointed to Settlement House. In the meantime the Settlement House Board should look about for a suitable residence for such minister.
- (4) That copies of this finding should be sent to the Secretary of Regina Presbytery, to the Convener of the Home Mission Committee of the Presbytery, and to the Secretary of the Settlement House Board.

*Request of Rev. E. Csendes—*

That the request of Rev. E. Csendes for transfer to Ontario be referred to the Secretaries, for conference with the Superintendents of Missions for Northern Saskatchewan and Manitoba.

*First Church, Vancouver—*

Re resolution of the Vancouver Presbytery:

- “(a) That First Church Welfare vacate present building as soon as possible. It is unsanitary and utterly inadequate for the work.
- “(b) That we affirm our belief in the value of this activity as part of the total work of First Church;
- “(c) That we endorse the plan put forward by Dr. Roddan in his letter of March 20th to the Convener; and
- “(d) That we are convinced that the proceeds from sale of various properties in the East end should be applied to the cost of erection of the proposed new building.”

That this be referred to the Executive, with the suggestion that study be given the question of policy re Welfare Industries; and further, that we re-affirm our resolution of 1944 that the Presbytery give most serious consideration to the appointment of a group of persons to advise with First Church Board and with Dr. Roddan in order to strengthen the general organization of the Mission.

*Recruits for our Needs—*

That the question of recruits for the needs of our Non-Anglo-Saxon Work be referred to the Executive for study and for whatever action is required.

#### Report of the Resolutions Committee

Rev. John McKay presented the Report of the Resolutions Committee, which was adopted as follows:

Be It Resolved:

1. That this Board place on record its deep sense of appreciation of the services of Rev. John L. Nicol, M.A., Ph.D., D.D., as superintendent of Missions in Northern Saskatchewan.

After a distinguished University career and a position as Assistant Minister in First Presbyterian Church, Edmonton, Dr. Nicol went to Saskatchewan in 1914 to become minister of Knox Church, Swift Current. There followed two other regular pastorates in the Province, with an interval of three years' valuable service under the Provincial Government in Temperance Work.

In 1929, he answered the call of this Board to become Superintendent of Missions for an area of which he had, by this time, extensive knowledge. Northern Saskatchewan was already in the midst of a rapid

development. For a few years, the Education Department was able to announce that a new School District had been opened for every day in the year, and a large part of this growth was in the Northern part of the Province. Very soon, however, a new situation was created. With drought conditions becoming severe in the South, families began to migrate towards the North where moisture conditions were more constant. As dry conditions persisted and became worse, this migration was accelerated, until some forty thousand people had moved into the Northern part of Dr. Nicol's territory, seeking new homes for themselves. This necessarily involved a new responsibility for The United Church of Canada and for this Board, and new heavy duties for Dr. Nicol. In these people and their condition and needs, Dr Nicol always took the keenest interest, and we remember his constant expression of regret that our Church was not able to send in the force of workers which the situation required.

There were two other special features of Home Mission work in Dr. Nicol's area. One of these had to do with Hospitals and the interests of two of these required much care from him. The other was Non-Anglo-Saxon work, since a large proportion of the rural population of Northern Saskatchewan is of such origin. The welfare of these fellow-citizens of ours has always been close to Dr. Nicol's heart, and the Board is much indebted to him for his wise leadership in connection with this branch of our work.

Dr. Nicol has had under his care each summer virtually one-quarter of all the students serving under the Board. In journeyings oft and difficult, Dr. Nicol has made it his business to visit all the student fields, to meet and advise the young men and women concerned. They have always found him a wise counsellor and friend, and remember him with gratitude and affection.

To one particular development in the religious life of Saskatchewan, Dr. Nicol has given special attention, namely the growth and activity of the so called "sects." Of their beliefs, aims and methods, he has made a special study which will be found very valuable in the days which lie ahead.

At meetings of the Home Mission Board and its Committees, Dr. Nicol has always proven himself a man of wise judgment and his expressed opinions have always commanded respect and confidence. His fellow-Superintendents have found him a real brother, and his deep sympathy and bright, spontaneous humor have endeared him to all connected with the Board.

As he leaves the direct services of the Board, we all rejoice that he has retained such a full measure of strength. We know that he will find many and constant opportunities of service to the Cause and Kingdom of the Christ. It is our hope and prayer that he and his wife may long be spared to each other and for the happiness of their host of friends.

2. That letters of sympathy and prayerful remembrance be sent by the Secretaries to the following who have suffered bereavement since the last meeting of the Executive.

Mrs. D. J. Morrison, Bréadalbane, P.E.I.

Mrs. O. D. Cadotte, Malahide, Ont.

Mr. Hillis Wright, Westminster, B.C.

Rev. K. Shimizu, Toronto, Ont.

and that letters of greeting be sent to former Superintendents.

3. That the Board record its appreciation of the gracious manner in which the Acting Secretary of the Board, Dr. Dorey, and his able associate, the Rev. M. C. Macdonald, assumed the very heavy and exacting duties so suddenly thrust upon them by the passing of Dr. R. B. Cochrane. We recount with pleasure the wise division of responsibility for the various departments of the work which they effected, and by which the machinery of administration has functioned so smoothly, and to such good purpose. Most of all we register our admiration of the fine spirit of renunciation which they exercised in attaining co-ordination in and concentration upon their very greatly enlarged task.

4. That the Board express its thanks to the Chairman for the gracious and efficient manner in which he has conducted the business of the Board, and to the Minute Secretary for his valuable services.

#### Report of Appropriations Committee

The Report of the Appropriations Committee was presented and adopted as follows:

1. That, on the basis of estimates of contributions from congregations, the following be the scale of salaries for 1946:

Married Ordained—with unfurnished house .....	\$1,700
Married Ordained—with furnished house .....	1,650
Single Ordained—without house .....	1,500
Single Ordained—with house .....	1,450
Married Lay Supply .....	1,350
Single Lay Supply .....	1,150
Special Fields—with unfurnished house .....	1,450
Special Fields—with furnished house .....	1,400
Retired Ministers—to be set for every field in the light of all the circumstances, but not to exceed \$1,400, including pension.	

Students—\$8 for week-end supply, except in cases where a lower rate has been agreed upon by the Appropriations Committee or may be arranged between the Superintendent and the office.

Superintendents of Institutions—\$100 more than the scale voted by the Board in 1945.

Women Workers—\$100 more than was voted in 1945, but it is recommended that there be a gradual increase for new appointees from the basic salary of \$1,200 to a maximum of \$1,500.

2. Re Special Allowance for Transportation on Fields:

(a) That there be a travel allowance for all ministers on aid-receiving charges who find it necessary to operate a car in the performance of their duties.

(b) That the basis for 1946 be as follows:

Where the average Sunday drive over the year is up to 25 miles,	the grant be \$50.
Where the drive is over 25 and up to 30 miles,	the grant be \$65.
Where the drive is over 30 and up to 40 miles,	the grant be \$80.
Where the drive is over 40 and up to 50 miles,	the grant be \$90.
Where the drive is over 50 and up to 60 miles,	the grant be \$100.
Where the drive is over 60 and up to 75 miles,	the grant be \$120.
Where the drive is over 75 miles - - -	the grant be \$150.

In cases where one or more points are served during the week, the grant to be based on the shortest distance if all points were served on Sunday.

Special fields, with exceptional travel, to be dealt with on their merits.

3. That the following be regarded as *Special Fields*:

(a) One point rural charges.

(b) Small rural charges of two appointments in such close proximity that the use of a car is not justified.

(c) Charges having such a limited number of families and constituency that they could be served by retired ministers or lay supplies.

(d) A charge which could be eliminated by re-adjustment by Presbytery, and whose appointments could be included in neighbouring charges, without overburdening these charges.

4. That Whereas, the General Council directed Presbyteries to visit, as soon as possible, every charge paying a salary of less than \$1,800 with furnished house, to married, ordained ministers, urging that a real effort be made to reach the above amount, which is a commendable objective towards which Presbyteries and Congregations are instructed diligently to strive;

And Whereas, the Board of Home Missions desires to put into effect this commendable minimum as soon as contributions from the pastoral charges to stipend and the amount of money provided by the Church, through the Missionary and Maintenance Fund, make this possible;  
Be It Resolved:

That the Board of Home Missions again calls attention to the need of this, and that in making this visitation, Presbyteries be urged to bring to the attention of the charge—

- (a) The minimum salary basis set by the General Council in 1926 was \$1,800 for a married ordained minister with a furnished house and this still obtains.
- (b) In the light of changing conditions this minimum is less adequate than it was in 1926.

And that Presbyteries be asked to make adequate arrangements for these visitations immediately and that in the case of aid-receiving charges or those where it is found impossible to reach the above minimum, they be challenged to pay an additional \$100 to the salary for 1946, it being understood:

- (a) That any addition up to \$100 will not be deducted from the grant given to charges on the aid-receiving list.
- (b) That the Executive be requested at the end of 1946 to gather information as to the amounts paid on salary by these charges in 1946, so that, if it be found possible, from the additional amounts paid by the pastoral charges, from any balance available, or from any other source, Married Ordained Ministers may receive, if the funds will permit, \$1,750 with a furnished house.
- (c) That this information be sent to Lay Associations, as well as to Presbyteries.
5. That the Board notify Presbyteries that all charges below this \$1,650 minimum may apply for grants during 1946 when the requirements with regard to canvass and visitation have been fulfilled.
6. Re Special Cost of Living Bonus in Newfoundland and Bermuda: That in view of the fact that the cost of living for ministers and supplies on aid-receiving charges in Newfoundland has risen considerably higher than it has in Canada, a special bonus of \$150 be granted to all married ministers and lay supplies in Newfoundland for 1946, and that, in view of the fact that the cost of living in Bermuda is higher than in Canada, a special cost of living bonus of \$100 be paid to aid-receiving charges in Bermuda having married ordained ministers for 1946.
